

CHAITANYA ANAND

chaitanya3154.beai24@chitkara.edu.in|+91 8708691414

SUMMARY

AI Engineering student passionate about building scalable software products and leveraging data-driven insights. A curious learner with strong fundamentals in software development, collaboration, and research, eager to create impactful and reliable solutions.

EDUCATION

2024 - 2028

Bachelor of Engineering in Computer Science(Artificial Intelligence)

Chitkara University

Current CGPA - 8.04

SKILLS

Programming & Development: Python, C++, Java, JavaScript, Flask, Django, React, TypeScript, Data Structures & Algorithms

Cloud & Tools: SQLite, Git/GitHub, REST APIs

Soft Skills: Communication, Collaboration, Leadership, Curiosity for Learning

PROJECTS

TradeX – Virtual Stock Trading Simulator

React.js | Flask | SQLite | JWT

- Built a full-stack stock trading simulator with JWT authentication and portfolio management.
- Developed REST APIs for stock transactions, automated orders, and portfolio analytics.

Cuddle Buddy – Pet Service Platform

React.js | Flask

- Developed a full-stack platform for pet service booking and management.
- Built responsive interfaces with secure backend functionality.

InclusiveY – Accessibility Platform

HTML | CSS | JavaScript

- Built an accessibility-focused platform to support children with dyslexia.
- Recognized at NIT Jalandhar for innovation and social impact.

ACIEVEMENTS/LEADERSHIP

- Solved 110+ **Data Structures & Algorithms** problems on LeetCode.
- Participated in **HackMol 6.0**, where I developed Inclusify, a full-stack accessibility platform designed to support children with dyslexia.
- Earned the Microsoft Azure AI Fundamentals (AI-900) certification.
- Earned the Microsoft Azure Data Fundamentals (DP-900) certification.
- Completed the Cybersecurity for Everyone certification from the **University of Maryland**.
- Completed the Introduction to Modern AI certification through Cisco Networking Academy.
